<b>SHORT DESCRIPTION</b>	<p>We all know that a visually impaired life is very challenging and visually impaired people face many problems in daily life. However, for someones their disability doesn't hinder them and they achieve success in life.</p> <p>Aşık Veysel is a good example of this as being a prominent representative of Turkish folk music in Anatolia. Although he lost his eyes at the age of seven, he saw the world with his saz, a traditional instrument of us, and with his whole heart and he was very successful in folk literature. He depicted the nature the best way in his songs. We see a perfect understanding of life and a truly love for nature and humanity in his lyrics.</p> <p>With this project we focus on that our disabilities can not hinder us in life if we believe all our heart.</p> <p>Also, thanks to Aşık Veysel we would like to provide a cross cultural interaction by means of his folksongs and poems accompanied with his saz.</p>
